github.com/rehmanbanday5 | [Portfolio](#) | Rawalpindi, Punjab, Pakistan

PROFESSIONAL SUMMARY

Software Engineering student at SZABIST University Islamabad with experience across **Software Development, Medical Billing & Coding, and E-Commerce Operations.**

Software Development: MERN Stack Developer with hands-on experience building responsive and user-friendly web applications using HTML, CSS, JavaScript, React, Bootstrap, Node.js, Express.js, and MongoDB. Experienced in developing full-stack and frontend projects with a focus on responsive design, functionality, and user experience.

Medical Billing & Coding: One year of practical experience supporting healthcare billing and revenue cycle activities, including insurance verification and eligibility checks, medical claims processing and submission, claim follow-up, denial review, appeals, and accurate application of ICD-10-CM, CPT, and HCPCS codes and modifiers. Experienced with CMS-1500 claim forms, TherapyNotes, and Office Ally, with a strong understanding of HIPAA compliance.

E-Commerce & Business: Three years of practical experience managing a UK-based Shopify e-commerce business targeting the US market, including store setup and customization, product research and listings, payment gateways, shipping, digital marketing, customer service, order fulfillment, and supplier management.

EXPERIENCE

Frontend Developer Fellow | Nerd Flow (via Preplify Launchpad Fellowship)

March 2026 – June 2026 · Rawalpindi,

Pakistan

- Completed the Preplify Launchpad Fellowship, a competitive cohort-based front-end development program by Nerd Flow.
- Collaborated with developers to build and deliver frontend projects using React, JavaScript, and CSS, meeting industry standards.
- Demonstrated initiative, consistent learning, and teamwork throughout the 3-month program; awarded Certificate of Fellowship, signed by the CEO and Chief Strategy Officer.

Medical Biller | Medical Billing & Claims Processing

2025 – 2026

- Processed and reviewed medical billing claims with attention to accuracy, completeness, and payer requirements.
- Performed insurance verification and eligibility checks, reviewing patient and coverage information.
- Applied ICD-10-CM, CPT, HCPCS codes, and modifiers for accurate claim preparation and submission.
- Supported claim follow-up, denial review, and appeals while maintaining HIPAA compliance throughout billing workflows.
- Handled CMS-1500 claim form submission manually, and gained practical experience with TherapyNotes and Office Ally.

Founder & E-Commerce Manager | Self-Owned E-Commerce Business (Shopify)

2021 – 2024 · UK-Based · USA

Market

- Founded and managed a UK-registered Shopify e-commerce business targeting the US market, handling end-to-end store setup: theme customization, payment gateways, shipping, and app management.
- Conducted product research and hunting, managed listings and digital marketing campaigns to drive traffic and conversions.
- Oversaw customer service, order fulfillment, and supplier relationships, gaining strong exposure to cross-border ecommerce operations.

PROJECTS

Noorza Ecommerce Website

Live: noorza-ecommerce-frontend.vercel.app · Tech: React JS, Tailwind CSS, Node JS, Express JS, MongoDB

Full-stack e-commerce app with product browsing, cart, and order placement.

Snapup Ecommerce Website

Live: snapup-ecommerce-project.vercel.app · Tech: React JS, Redux Toolkit, Sass, DummyJSON API

Responsive e-commerce app with product search, filtering, and cart management with real-time price updates.

Launch Landing Website

Live: launch-landing-website.vercel.app · Tech: HTML, CSS, Bootstrap

Responsive landing page with Bootstrap grid, structured hero/features/CTA sections, modern styling.

Task Management App

Live: simple-task-application.vercel.app · Tech: HTML, CSS, JavaScript

Task app with full CRUD using vanilla JavaScript and a mobile-first, Flexbox-based responsive layout; deployed on Vercel with continuous deployment.

Weather App

Live: rehman-weather-app.vercel.app · Tech: HTML, CSS, JavaScript, REST API

Weather app retrieving real-time data via a third-party REST API, using async fetch/JSON parsing with error handling; responsive UI across devices.

EDUCATION

- Szabist University Islamabad | BS Software Engineering | CGPA: 2.66 | **Sep 2024 – Present**
- Roots International School & Colleges | Intermediate — ICS (Physics) | Percentage: 68.2% | **2021 – 2023**
- Roots International School & Colleges | Matriculation — Science Group | Percentage: 74.8% | **2020 – 2021**
